

Voice Carrier Introduces CondoTel™

A Better, Cost-Effective Way to Deliver In-Unit Phone Service 911-Compliant In-Condo Telecommunications for Rental & Management Companies

CondoTel™ is a purpose-built telecommunications solution designed for property management companies that rent and manage multiple condominium units. If you oversee condo rentals for your clients, CondoTel helps streamline communications, enhance the guest experience, ensure regulatory compliance, and create a new recurring revenue stream.

Why CondoTel™?

- **Create a New Monthly Revenue Stream (Offer Renters))**
 - **In-condo domestic and low-cost international phone service**
 - **Built-In 911 Federally Mandated Compliance:** Full E911 support with accurate location data registered per unit to meet regulatory and safety requirements
- **AI After-Hours Receptionist:** Ensure calls are answered 24/7 with an intelligent AI front desk agent (coming soon)
 - **Room Status Notifications:** Staff can notify the rental company's property management system (PMS) when a condo is clean and ready to rent
- **Enhanced Customer Retention:** Compliance-driven services create stronger, longer-lasting client relationships
- **Dedicated Phone Number per Unit:** Each condominium unit receives its own direct-dial phone number (DID)

Built for Condo Rentals

CondoTel™ transforms 911-compliant, in-condo telecommunications into a **value-added amenity for condo owners** while enabling management companies to monetize compliance and unlock a simple, scalable revenue opportunity.

You manage the condos. **You earn** new monthly recurring revenue. **You add** a powerful AI after-hours receptionist
We deliver compliant, cost effective, centrally managed in-condo telecommunications..
